- Please provide information for all achievements between October 2018 – September 2019.

The judging panel do their best to understand the internal structures of the many sports organisations/codes our students are involved in. However, as sports codes vary in their processes for various selections of their teams/groups and which events teams compete at, it is really important that when you complete the columns you are placing information in the correct column/s.

We ask that your information is as accurate as possible – organisation names, team names, age groups, competitions/tournaments.

The following information is provided to give you guidance for completing the form.
